

ABOUT

Paint Yourself Silly

Paint Yourself Silly was founded in 2000. Our staff work to foster **a place where people come to celebrate**. We love watching and helping people create unique and meaningful art that lasts for years. We love that people come to our shop to play hooky (*Don't worry, we won't tell*). But what we love most of all are the **relationships that are developed with customers and co-workers**. Visit **one of our two locations for some creative fun!**

Yourself Creatively

POTTERY-TO-GO

Pottery-to-go enables you to **take home your pieces and paints and finish your masterpiece on your own time.** When you're done, just bring your piece back into the shop and we'll glaze and fire it for you. All you do is pay for your pottery, then 1/4 the price of your piece as a firing fee, and then pick out your paints. Containers of paint start at \$1.95 each. **Perfect for infusing some creativity into at-home family events, or for the detail-oriented painters.**

CLAY DAYS

Create all day with a pound of clay! Our staff will help you **dig into your project with a personalized lesson.** Slab-rolling, coil pots,

hand-sculpting, we'll teach you to do it all! For \$30, we give you a pound of clay to sculpt your project and its first kilning! Paint sessions are hourly studio rate of \$4/hr for kids under the age of 10 and \$6/hr for adults.

GLASS FUSING

If you have yet to try glass fusing, you are missing out! It is the process of **combining 2 or more pieces of colored glass to create a design that is then melted together.** You can create ornaments, jewelry, night lights, etc. or you can "slump" it to create a bowl or plate. The cost is \$6 per hour plus the price of glass. Base pieces of glass typically cost between \$9 and \$49.

QUESTIONS

From First Time Visitors

Paint Yourself Silly offers a welcoming environment **for people of all ages and artistic abilities.**

WHAT IS OUR PROCESS?

Once you finish your pottery, we will wait for it to dry. Then, we will kiln fire and clear glaze your piece. It will be ready for you to pick it up in a about a week!

HOW MUCH DOES POTTERY PAINTING COST?

For those ages 10 and up, it is \$6 per hour to paint, and for kids ages 9 and under it is \$4 per hour. We offer a wide range of pottery that costs anywhere from \$3 to \$79, but most people find something they love within the \$7 – \$20 range.

WHAT IS A KILN FIRE?

Kiln fire is an oven that is used to dry and bake clay items.

WHAT IS A CLEAR GLAZE?

A clear glaze preserves and enhances the surface of your work. It creates a barrier for liquid, dirt, and abrasions.

POTTERY PAINTING

How it Works

We have over 200 pieces to choose ranging from \$7-\$32. Plus, select 6 paint colors from over 100 different solid and speckled choices!

CHOOSE YOUR PIECE

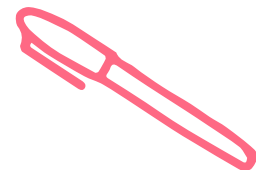

Select a piece of bisque that gets the creative juices flowing. We had a wide variety of different items from dragons to piggy banks to mugs.

PICK THE PAINT

Choose your glazes from over 100 different glazes.

Note: There is an additional charge for choosing more than 6 colors.

BE CREATIVE

Brush, sponge, splatter, stamp, stencil, or draw your design on your piece.

Note: If you draw on your piece with a marker, it will not show on your piece once we glaze and kiln fire your masterpiece.

LEAVE THE REST TO US

After your piece dries, we will clear glaze and kiln fire your piece to make it food safe. The glaze will make your piece all shiny! Psst! This process will make your piece food safe.
